

# M920 *For OIL BASED INK PRINTING*

M920, leveraging Meiji's proven technology, is a reliable and durable sheet-fed printing blanket for oil-based inks, favored by numerous printing houses worldwide.

The M920 utilizes advanced surface rubber technology to maintain a perfect balance between image quality and paper release. It features:

- Superior ink transfer
- High quality dot reproduction and solid density
- Absorbs shocks and great smash resistance
- Excellent sheet release
- Reduced paper dust adhesion
- High resistance to chemicals and quick to clean
- Outstanding performance across a wide variety of substrates

## Physical Properties

	M920
Type	Compressible
Surface Color	Blue
Compressible Layer	Closed Cell
Nominal Thickness (mm)	1.95
Hardness (Shore A)	76
Roughness Ra (μm) Center value	1.40
Compressibility Ip5 (%) ISO 12636 / Center value	6.0
Tensile Strength	> 3,000 N / 50 mm
